OUR MISSION: TO BE AN OUTSTANDING ORGANISATION THAT PROVIDES A COMMUNITY-ORIENTED, SAFE AND NURTURING ENVIRONMENT FOR THE DEVELOPMENT OF JUNIOR AND SENIOR FOOTBALLERS

Welcome to 2010

Happy New Year to All,

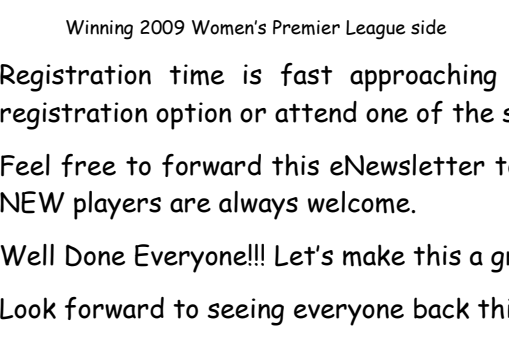

Welcome to the beginning of another exciting 2010 season at Wyoming Football Club. You are receiving an eNewsletter as you were one of our much valued members in the 2009 season. Thanks to everyone for all your contributions last year. To improve our communications to our membership, this year we will be regularly sending out a eNewsletter to keep everyone up-to-date on key happenings during the 2010 season. Latest updates will always be posted on our website. Be sure to check regularly.

2009 finished up with a great result for both our Men's and Women's Premier League sides. Both taking out their relevant championships.

Winning 2009 Men's Premier League side

There's no reason why we can't achieve similar results this year. It certainly highlights the strength in our club, attributed to the dedication and commitment of all of our players, and the coaching and management personnel in achieving these great results.

WFC Website Enhancement

NEW Business Directory

We recognise that many of our club members, including their family and friends, either work in their own businesses or for many local small/medium businesses. We want to support these businesses and give them the opportunity to communicate and increase their profile within their local community.

We have created a section on our website "Business Directory" <http://www.wyomingfc.com.au/businessdirectory.htm> to cater for any interested parties to advertise their business details for the year with the added opportunity to offer any loyalty discounts/specials throughout the year especially for our club members.

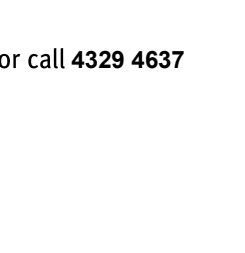

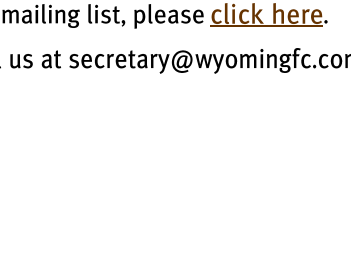

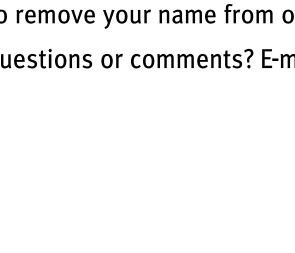

For a nominal fee advertisers will have access to more than 600 club members and their extended families and friends, giving exposure to more than 2000 potential customers. What a great way to build your profile, attract new business and help the Wyoming Football Club in generating much needed funds for our operations!

To discuss call **Alistair Kennedy** on **4329 4637** or

Email secretary@wyomingfc.com.au for more information.

* WFC reserves the right in making the final decision in accepting any applications.
