

2011 Wyoming Football Club Historical Summary

This year saw the return of one of the Club's most respected Life Members, coaches and players. The complete package and Steve Frame (pictured) did not let the Club down. He took over the reins of First Grade something that he always wanted to do but was waiting for the appropriate time to apply. It could not have been at a better time. The inclusion of some very skillful players into the mix. There was a buzz around the Club. Results did not go our way, but the eagle had landed. Two new inductees were included into the Club's Hall Of Fame . The two players are Michael Kennedy and Ryan Marshall. Photo right shows Kennedy (left), Marshall (right) with Kevin Best. What an absolute top class pedigree both have brought to the Club since their junior years right through to their years in the top flight.

This year's highlights on the field were the successes of so many of our teams who made the finals series. These are:

The year was a very successful when you compare it with other years. Over the last 42 years this year's achievements rank 7th. The weather this season was the worst seen for many years. No one was able to get into any routine for training or for matches because of the wet weather.

The Club this year introduced another initiative into it's curricular when Aden Omar set up a Summer Coaching Clinic for youth players from 11-14 year olds. Over the summer months through to the new year, he developed better skills for his keen pupils. Along with the ABC Program and the Cadet Referees Scheme, the Club is moving forward with good quality projects which will benefit the Club not only short term but into the future as well.

The committee of the Club changed very little from the previous year. A new Constitution, Committee Handbook, Members Handbook were created.

Gavin Hope (pictured left) was unanimously given the title of Clubperson of the Year. The best groundsperson on the Coast.

Cadet Referees

(picture right)

Supervised by Jason Burke the cadets have made a big impact to the smooth running of Non Comp games on Saturday mornings. It also provides young players the opportunity to learn new skills surrounding refereeing and to their own self development. A great program for everyone.
