WYOMING 45BC CHRONICLES

GAME #13

Vs

29 JULY 2023 | vs OURIMBAH | OURIMBAH OVAL

Achtung! Following the previous fiery encounter, battle stations were called in prep for this one. The Ourimbah committee had set up extra officials, a video camera - usually reserved for Grade - was mounted, and they even watered the field, well one of them anyway. "Keep it clean!" Dave Shipman, the manager of our team in the 2011-2012 era, shouted whilst manning the bbq. Was that to us or the boys in blue? I'm not talking about Constable Jamesy, he was away holidaying. The crux of the pep talk for the Tigers was to let football do the talking and not get dragged down in the mire by a couple of grubs in the Opposition. An extra challenge to behave was we had the same referee from the Mountains game. Could we get through this game unscathed and victorious? And before you ask yourself what's the point of reading this report when there's a video recording of the game you

could be watching instead… well, sorry, but Snorky used his ministerial powers to have it erased so his shot at goal that ended up as a throw-in could not be seen.

Again, we only had fourteen available of the squad of twenty. Dylan and Andy remain on the injured list; Stitty had to jet to Queensland ; Fitzy was busy holidaying in Singapore; and Rob had work duties - Nige kindly volunteered to don the gloves.

Whilst both Tooley and Ashton had an early chance to put one away, courtesy of a precision long ball from Largey, it was none other than Garvs who struck first blood. Actually, in a game between fierce rivals as these, I should stress that I don't mean literal blood… I'll start again. Garvs scored the first goal, courtesy of Stingmore setting things in motion. Next, it was Luca's turn. Or it should've been. Garvs put through a cross that Luca, playing in the right midfield spot today, would've scored if not for the right post getting in the way. Then he was unfairly called offside despite the ball taking a deflection from the Ourimbah backline; and then was unlucky to connect to a Dean cross. Frustrated, he was soon sending himself to the bench and tampering with Andy's notebook… "Luca is a sexy stallion!!" Hey, I did not write that!

Equally frustrating was the next few minutes. Ourimbah found themselves on the scoreboard with a quick equaliser that started from a throw-in. Then Boz had everyone concerned when he landed awkwardly making a challenge on the sideline and clutching his back. Whilst a couple of players were still attending to him, the Ref allowed the game to be played on and Ourimbah made a quick counter. Thankfully it was thwarted. There were some more scares when Nige accidentally used a tube of Boz's lube on his gloves rather than grip spray, fumbling the ball several times. Furthermore, Ashton left the field with a calf strain and Clive got sent to the sideline for wearing too many bracelets. He almost returned to the field with his sunglasses on.

Thankfully, things started to settle again when Tooley put us back in front. Garvs made a magical run down the right side, including an impressive nutmeg on one of Ourimbah's defenders. His shot got blocked but Tooley was there for the scraps and smacked it in the top left pocket. Tooley was involved in the third goal, namely being fouled and awarding his team a free kick. Largey curled it dangerously into the Ourimbah goalmouth and Chad smacked it into the net with a perfect header.

Whilst Boz was no doubt still aching from the injury, he soldiered on and was soon on the board with an assist to Mikey D who benefited from a long ball down the right flank. His first shot was blocked by the keeper, but he got a second dig at it and finished brilliantly. Not long after, Mikey D made it a brace. Another free kick had been awarded after Garvs was fouled. Dean tucked it over the backline and Mikey D in kind, made it 5-1.

A four-goal lead at half time was better than any of us had hoped or expected but there was still a lot of football to play. For a good portion of the second half, it was a grind. Frustrations were simmering with some dubious offside calls and the usual bickering between these two sides. When Garvs collided with their goalie, alarm bells started to ring. Would their custodian be posting on facebook that night citing some atrocity of a battle wound? Garvs couldn't resist mocking him with a cry-baby face and for that the ref put a yellow against his name. Thankfully that was the worst it got.

The second half stalemate broke after an "apparent" dummy by Nige. The ball passing by him across the goals, into the path of Largey who sent another sharp long ball into the path of Mikey D who not only stayed onside but demonstrated again that his goal shooting radar was calibrated perfectly today, nabbing a hattrick. He also secured the MVP votes today. We weren't quite down yet either. Luca made a great run down the left side, weaving past a couple of players before getting the ball to Chad who, with a sneaky back heel, sent Garvs away for his second goal. The question was would he also get a hattrick? Not when he was benched with five minutes to go! That's what happens when you get a yellow card, biatch! Largey could've also had a goal if Tooley didn't get in the way! Full time, 7-1! Special mention to Snorky, Boz and Brad for their steely, composed defense today. With the thirteenth consecutive win of the season, the boys get to enjoy a bye weekend coming up before three more games leading into the semi finals. Enjoy the rest boys!!
