Milham #3 Bohringer #12 Mashman #18 Lawes #6
Webb #10 Cohen #17 Paudel #16 Scuri #7 Kennedy #11
McGarvey #8

#LINEUP11

Poor Boz was feeling the stress of assembling a team as the grudge match against The Entrance loomed. This included finding a replacement keeper as Rob was out due to work commitments - or did he have some gentleman's agreement with The Entrance? He missed the first encounter due to "work" as well. Neale and Fitzy were out with rib injuries, what is going on with ribs this year?? Mick O'Connor was also out, and he meant it this time, as he travels up north for a couple of weeks for work.

The rest of us made the trek up to Pat Morley for our "home" game! Elton was late as he hitchhiked to Alan Davidson by mistake whilst Paudel was delayed until the second half due to needing to remove some weeds from his driveway. Cliff meanwhile arrived to play but had to pull out after suffering food poisoning whilst eating KFC in the warm-up. Get better soon mate! It was a hot day and McGarvey forgot to pack the sunscreen, so he barely lasted a few minutes before coming off the field with a burnt head. Geoff took

his spot as striker. Unfortunately for Geoff, several open goal opportunities went begging. His best chance came when his shot hit the post, bounced back onto his knee, hit the post again and then knocked him out. It took the scent of five beers being opened all at once to wake him up. Luca put Andy through a gap, and it surely looked like this would open Wyoming's account but no, Andy's shot veered well above the crossbar and killed the Magpie that had been swooping Pat Morley visitors for years. Unfortunately, the referee, a bird lover, sent Andy off with a red card. Luca was furious that this was not a "fairdinkum" dismissal. Several words of profanity in Italian ensued which unfortunately for him, the referee - named Luigi Parmigiana - knew every word and Luca too was sent off. Fitzzy though was lucky to avoid one himself. The Entrance had been ruled offside when it looked like they'd scored the first goal despite the ball coming off Fitzzy's head before it hit the net. Fitzzy was furious at the linesman for it being disallowed but thankfully the ref only gave him a yellow. Frustrated with no goals being scored upfront, Boz and Mashman opted for a series of one-twos between them to finally put us in the lead. They alternated this routine at the next restart and miraculously scored again. Boz scored the first, Mashman scored the second. Unfortunately, their third attempt was marred by Mashman getting injured by some "accidental" pegging. The third goal didn't arrive till the second half. Tim Cohen had made a run and fired off a thunderous shot that almost took the net from its pegs. We found out later he wasn't aiming for the goal but at Neale who was busily heckling him from the fence behind the goalmouth. Neale did eventually make an appearance. His best chance came from a corner kick but it ended up swerving for an opposition throw-in at the far side. Tim took over from Neale for the next corner kick and it curled out to where Lawesy was waiting. With a miraculous bicycle kick, Lawesy smashed the ball into the net with his right foot putting us up 4-0!! Stew tried to claim it took a deflection from him even though he was seated on the bench at the time. Brad was not happy at this attempted deception. He wasn't the only one trying to dupe everyone with Andy trying to take credit for all four assists today, shameless! As the player's player votes were tallied, Boz apparently racked up 84 votes though 72 of these points were from Stew filling out 12 sheets of paper. An obvious ploy by Stew to get back-to-back Coaches awards at the end of the season.

So yes, what a win it was ... except only it wasn't. The results do show us defeating The Entrance 4-0 but this was already posted by Friday morning. Our semi final opponents last year had pulled out by declaring a forfeit, or as Luca refers to it as "softcockolitis" and in need of concrete pills. Oh well, we'll take it, gave the injured players another week to rest up. Boz was nervous about no money being spent on the esky - putting in a dent in his and Amy's Hawaii fund in November - but he did manage to make some sales at ADO when a few players went down to watch the 35DS team play in freezing conditions. Stew filled in for that team but had no luck with tap ins for this game. Meanwhile, McGarvey filled in the the A's and scored the winner. Everyone else rested up and ran in the 12km Bay to Bay the next day. Or in Tim's words, had a beer at the Bay View in Woy Woy, caught a train to Gosford and had a beer at the Leagues Club, close enough.

AROUND THE GROUNDS

The Entrance vs Kanwal game the week before must've been brutal indeed as both teams forfeited their games this round giving Wyoming and Killarney a weekend off with a handy 3pts in the bag. It also means it's a long gap for any team trying to get in the Top 4 from here on in.

ROUND ??? ...

With the Central Coast included in the Greater Sydney Covid-19 lockdown, we're uncertain when the season will resume again nor which fixtures will up next.

ROUND ELEVEN									
19/06/2021	--	 KANWAL	0	vs	4	 KILLARNEY	FORFEIT
